SAFETY IN THE CITY

Alberta Legislature Route

Friday, September 27, 2019

5:00 pm - 6:00 pm

We are scheduling new routes for our Safety Audits! Join us as we gather with Indigenous women in Edmonton and note what makes us feel safe and unsafe. Our feedback is then given to decision makers so they can learn about our experiences. On September 27, we will walk around the city, share stories, and make a difference to the safety of Indigenous women!
